(V1)  
Sometimes I wish I  
couldn't see you  
Sometimes I wish I was  
blind  
Sometimes I wish that I  
could pack up my  
things and go traveling  
back in time

(V2)  
I'd find the day before  
I'd find you  
I'd turn and walk the  
other way  
I'd like to say that I  
believe in fate  
Because I know it doesn't  
change  
I'd like to say that I  
believe in fate  
Because I know it doesn't  
change  
I'd like to say that I  
believe in fate  
Because I know it doesn't  
change

(V3)  
Sometimes I think  
about the future  
Sometimes I wonder  
what will come  
Sometimes I try to find  
the answer in the past  
and in the things  
that can never be  
undone

## Chorus

Who said it's better to  
have loved and lost  
than to never love  
at all?  
Who said it's  
better to land on

to fall

## Chorus

I see your seasons change  
Your colors turning,  
~~the~~ the cold wind blows

LOVE SWEET LOVE —  
YOU ARE THE ONE I'M THINKING OF

I REALIZE IT NOW

LOVE, SWEET LOVE -  
THIS THE DAY THAT YOU'VE BEEN DREAMING OF

WHERE DOES DESIRE GROW?  
WHO ~~MAKES~~ GIVES IT ~~THE~~ SPIRIT?  
WHAT ~~IS~~ ~~PASSION~~ ~~FOR~~?  
L DOES YOUR HEART SUGGEST?  
WHY CAN'T I HEAR IT?

LOVE, SWEET LOVE —  
I THINK THINGS ARE LOOKING UP.  
YOU CAN'T CHASE IT AWAY  
YOU CAN'T LET IT STAY

'IT'S LOVE (SWEET LOVE)).

I try to rearrange my life  
around the simple guiding principle that everything changes  
~~of being right~~ I'd just like to know where when & how  
and be right  
at least one every million

One day I'm staring at the clouds  
trying to make it rain  
Next day I'm turning like the  
leaves on a breeze  
with no trace of pain

In this movie I'm living I'm the villain  
moving in ~~the shadows of love~~ shadows and shame  
→ mysterious darkness

though I try to play the hero  
and I try to outplay the game  
~~~~~

Don't try to follow the fool on heart's crusade  
He'll only lead you in the wrong direction  
~~and he's in anticipation of failure~~ or worse yet to the bed he's made  
Better off to let him ~~and it and~~ go not knowing  
than sort  
and pick up the pieces of his ~~last~~ insurrection  
~~when once the credits start rolling~~

~~Then~~ Roll the stone away  
See the slow wheel turn  
Pay attention to the scenery  
You've got a lot to learn

In the beginning there was war  
I stood ~~there~~ beside the setting sun  
~~& you've always known~~  
~~And~~ you say you've heard it all before  
But I say this fight has just begun

~~Soldiers, can you see me?~~

The mist is clearing

But,

I'm disappearing

~~In the air~~ I see the bright horizon

I see a star is rising

~~At the fight~~ when this is over, I'll go back  
~~to my place~~ I'll take my <sup>place among</sup> the stars

They never wanted us to see  
What we could do or who we are

there's a hold on your love  
there's a hole in the heart  
of time  
there's a choice to be made  
there's a road to be taken  
and a long ride home

---

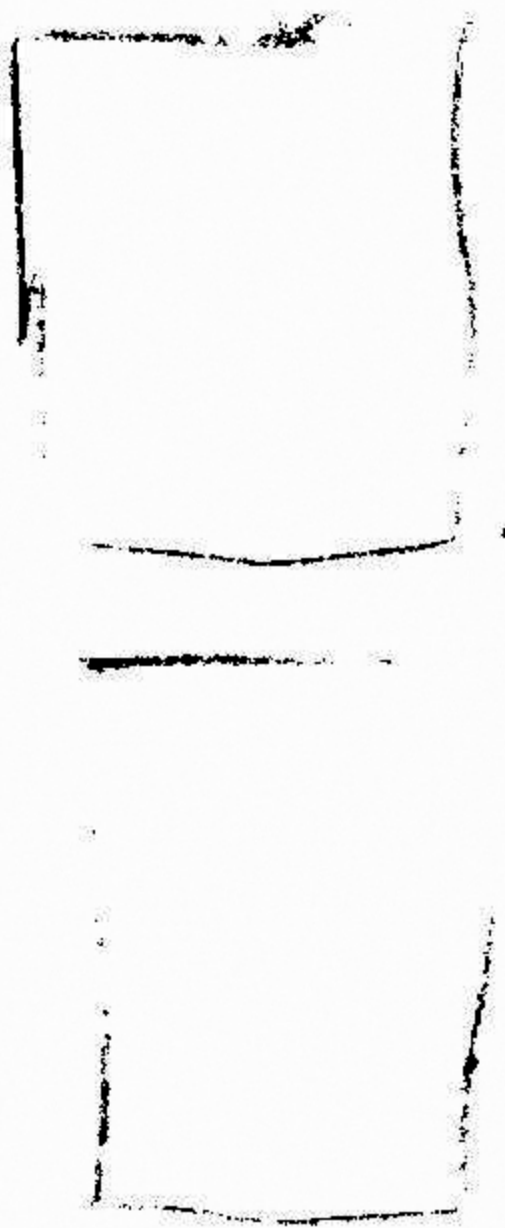

Can we make it back in a night?  
Can we bring those promises  
into the light? Can we make it  
at all?  
(Solo 2)

---

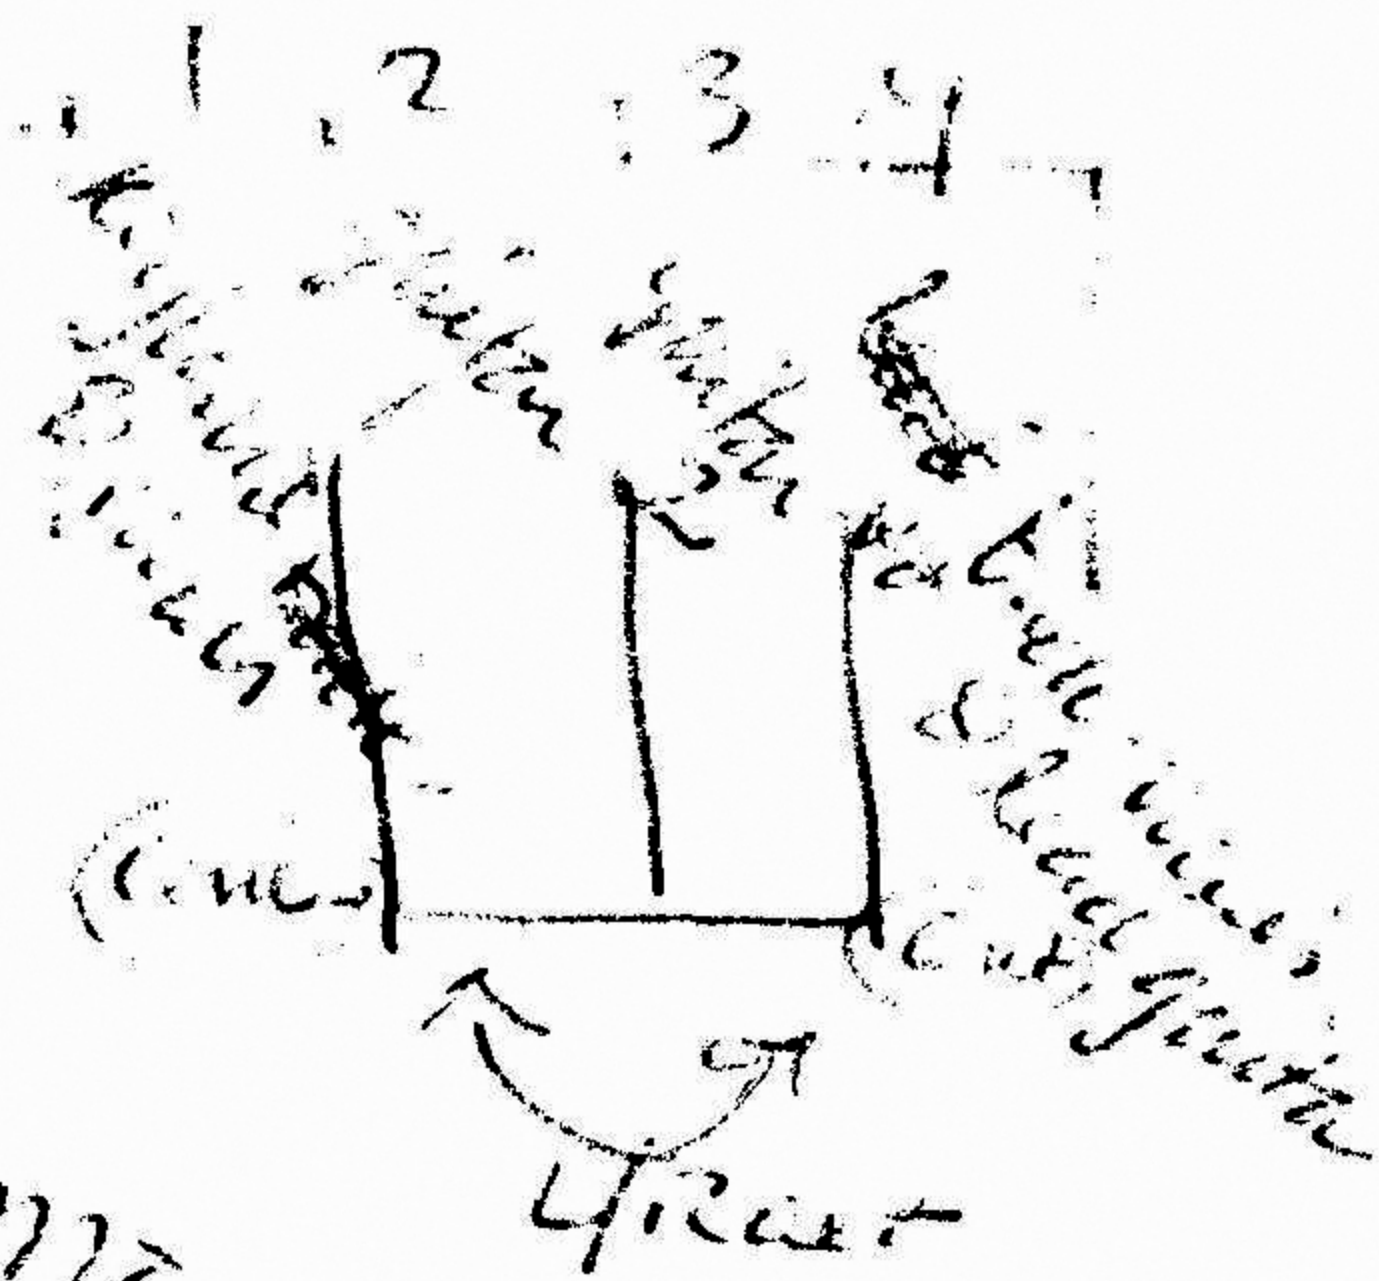

There's a thought for today -  
there's a heaven at the end  
for you  
there's eternally waiting  
and a heart that's breaking  
away from the world

 I've got to let go  
 and let you have your way

## "AGAIN WITH YOU"

I Never seem to learn | I'm a fool  
I sit back with a ~~casual~~ smile and ~~I~~ watch you  
every ~~half~~-glance speaks, and your ~~base~~ stance rings true:  
don't have to say a thing, don't have to ask you  
my days were numbered long before I knew  
to ~~wish I was with~~ <sup>now</sup> at least I know ~~what~~ what to do

Get myself on track, brush off the dust  
and move on ~~with what dignity remains~~  
Don't look back; <sup>because you're</sup> ~~now you're at the~~ you will  
only see her turned ~~away~~ and gone

When I reach the gates of Heaven  
I will ask about this day:

"Did I ever understand the things she couldn't say?"

But for now, I'll climb on over  
myself and ~~say~~ what I know in my heart;  
I'll ~~take my~~ <sup>keep</sup> ~~some~~ <sup>this pregnant</sup> silence to myself ---

pulling on the rail ties?  
Do you remember ~~pulling on the rail ties?~~

~~Now~~ I saw our Heaven from the ground

but [ Oh, nothing can stand in our way  
We're leaving yesterday behind  
and [ It's only a matter of time

Do you recall ~~the~~ my loving promise to you?  
Do you remember how you shined?

I believe in living for tomorrow  
I'm believing everything you say

HEAVEN KNOWS, I'M NO ANGEL  
BUT I'M NO DEVIL IN DISGUISE  
(~~DON'T BELIEVE~~) THE SEEMING LACK OF CONCENTRATION  
YOU SEE IN MY EYES

I NEVER WANTED YOU TO KNOW ME  
(I) HELD OUT AS LONG AS I COULD  
BUT YOU DON'T GIVE UP OR CALL 'SURRENDER'  
LIKE I THOUGHT YOU WOULD

~~BY NOW YOU'D BE HAPPY AND FREE  
BUT NOW YOU ARE HERE WITH ME  
AND YOU DESERVE SO MUCH MORE  
YOU CLOSE AND LOCK THE DOOR~~

Take this moment, for example:  
Somehow it's gone too fast

~~It felt like I was in a dream~~

it's like I'm lost in that famous looking glass

I saw the king of heartache  
climb the ruin stairs  
he found a painted woman  
waiting there

G/C Our love is - a long <sup>an open</sup> drive on a ~~lonely~~ road  
 " - a connection to the <sup>live</sup> ~~soft~~ side of <sup>our</sup> ~~the~~ souls  
 " - whether you believe it or no  
 " <sup>waiting</sup> on the windward side of pricks

I could never see beyond the headache  
 of being separated for a long and restless night  
 and awake

I see everything <sup>in the light of this</sup> ~~almost~~ transition  
 where the leaves are blowing <sup>sideways</sup> ~~almost~~ changing  
 and the air is cold like <sup>November</sup> ~~like the~~ little  
 October <sup>leaves on the</sup> ~~tree~~ here -

(it's like I told her -  
 it's like Pandora)

### 1. CAN WE MAKE IT?

(Bert: Keyboard, Guitars, Vocals, Lyrics. Ben: Guitars.)

October 19, 2002

There's a hold on your love.  
There's a hole in the heart of time.  
There's a choice to be made.  
There's a road to be taken, and a long ride home.

Can we make it back in a night?  
Can we bring those promises into the light?  
Can we make it at all?

There's a thought for today:  
There's a heaven at the end for you.  
There's eternity waiting,  
and a heart that's breaking away from the world.

Can we make it back in a night?  
Can we bring those promises into the light?  
Can we make it at all?

### 2. ~~REBUILT~~ IN YOUR HANDS

(Bert: Keyboard, Guitars, Vocals, Lyrics. Jerome: Drums.)  
October 20, 2002

~~That's no way to make it -  
You'll never find him there.  
He's on the inside waiting  
for you to find yourself there.~~

Let's get it right -  
Let's set the record straight:  
I can see right through your innocence  
as it escalates.  
And I can walk through walls;  
I've got supersenses.  
I foresee you bearing down  
on this man's ~~cut and measured~~ white picket fences.

He's on the inside waiting  
for you to find yourself there.

~~That's no way to make it -  
You'll never find him there.  
He's on the inside waiting  
for you to find yourself there.~~

Take what you want,  
but mind what you're taking,  
because there'll come a time to justify  
these plans you're making.  
So remake your strategy  
and spit-shine your shield,  
~~because you've started something~~  
that comes back to bite like snakeskin heels.

Rebuild

Hold this heart in your hands  
~~it's hard to make him care~~  
~~Take things to look back again~~

+ take the time to look back again

you've got control of this thing now  
you've made it real

I find myself on a lonely mission  
I find you waiting all alone  
I see that look of stark admission  
~~of I see~~ I see the face of the unknown

Watch your hands  
there's a name for what you're doing  
now do it again  
and

Call me crazy for believing  
that I was anything but wrong  
to think that you were ever  
leaving

or looking through me  
all along

All in chorus  
complications of what's real  
all in looking for an answer  
but can I find it here with you?

Wait outside to hear  
the question -

Find the oracle of hearts  
pushing past the lover's lesson  
~~going out~~ trying to tear our love apart

Strange desperation  
by the ~~inside~~ seaside  
and I lose my mind  
in the water

take my hand and  
lead me to the shore

and tell me why

~~there are no~~ ~~never~~ ~~lifelines~~  
~~anywhere~~ this  
ocean has no floor

only an old abandoned  
chain, and ~~and~~ a  
faded sign in  
the sand

I know there's no  
way to ~~go~~ take  
you back there  
again

verses

I know enough about [you]  
~~and you~~ don't have to open ~~up~~ anymore

My pining heart can shut you  
like a secret bolted door

Close ~~it all~~ your mind  
Close ~~it all~~ your heart  
Come Closer ~~it all~~ still

I know I startle [you]  
~~I~~ pick <sup>up</sup> ~~my~~ <sup>you</sup> feet ~~up~~ and I fly

My ~~restless~~ heart surrounds you  
and ~~like~~ the desert <sup>cries</sup> ~~begs~~ more!

~~Close it all~~  
~~Close it all~~  
~~Close it all~~

I know so little, and so you  
bring hellfire down

My foolish heart is here, too  
in the quicksand

[ we had the whole thing  
~~we had it~~ we knew it <sup>found</sup>  
once upon a time

I stand here, and I listen  
to the wind blow

~~but~~ ~~and~~ ~~don't~~ know

~~if~~ <sup>and</sup> my memory is clear

Somehow all that you knew then  
comes into play now

~~though~~ you're trying to play now  
like you did so long ago

skies  
blue ~~sky~~, and bare trees

~~and I held these thoughts~~

~~in~~ and I find ~~my~~ you

and you find me standing here

Won't you tell me a story

~~make it a long one~~

tell me the answer

tell me everything you know

(we last forever)  
only if we love each other  
only if we try together

Do you think that we can find  
a true solution?

Do you know that giving  
~~it~~ up is revolution?

~~the can~~

Do you see the changes in  
our calibration?

Do you feel the pressure  
and the alteration?

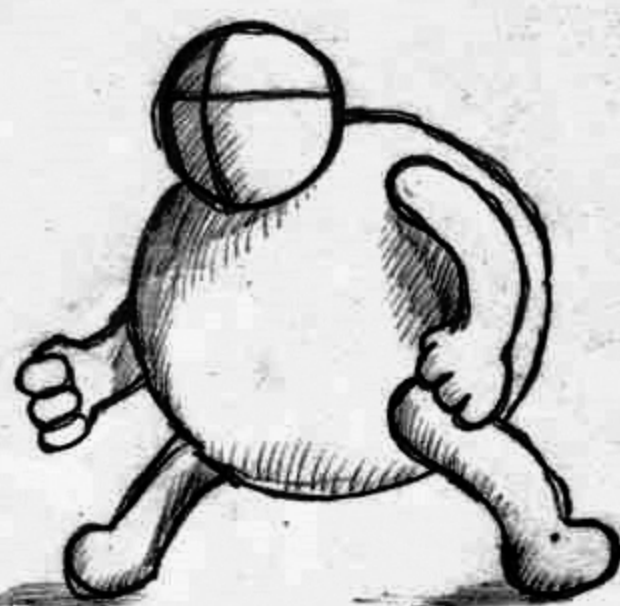

There's a glow in your eye  
So I can't see why you're alone

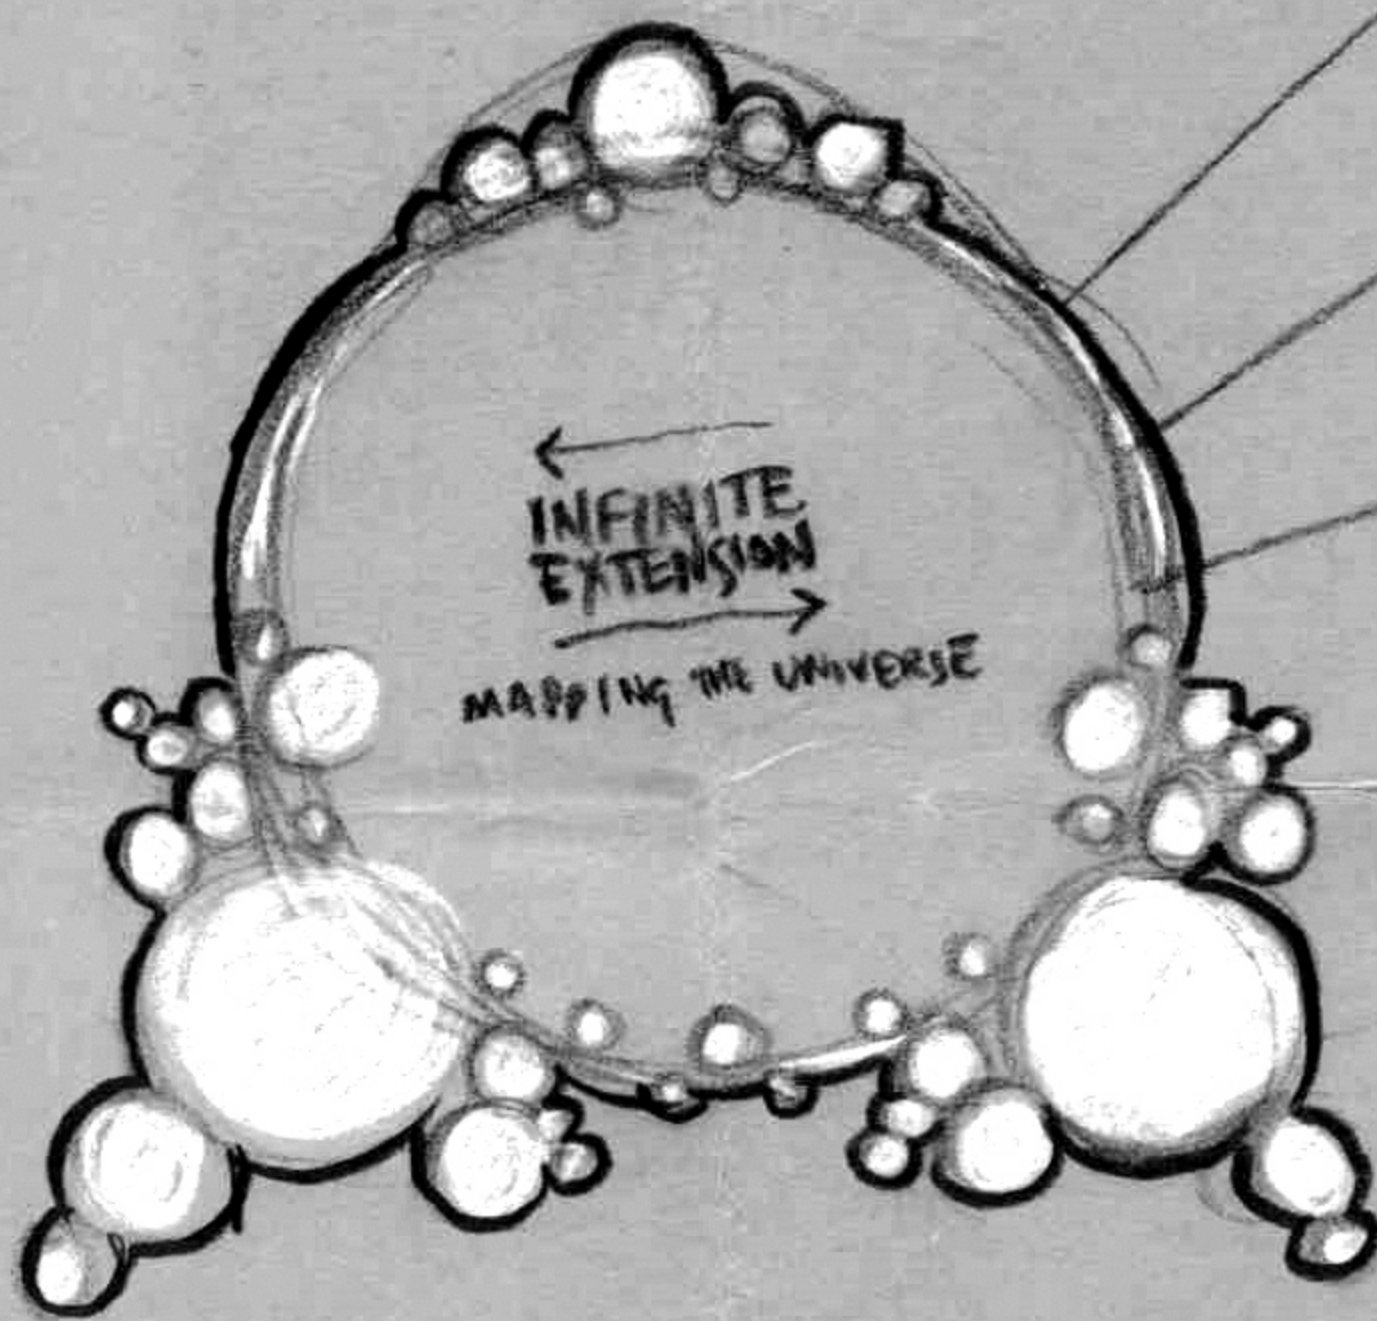

You could make that call <sup>your own</sup>  
you could take it all for ~~yourself~~  
You can go tonight  
you can darken  
you can ~~glow~~ know  
you can turn around  
you can catch the starglow

You've gone too far this time  
to tell me where I stand.  
I can take it like a man —  
tell me honestly  
let's get heart to heart  
and try it once again

Chorus

You've gone too far this time  
to tell me where I stand  
~~I~~ can't you try to understand?

You've crossed that sacred line  
and now you want to see  
the mark you left on me

I have always known  
the

I want to keep myself  
alive

~~I want~~ and see the  
rising sun again

~~I want to say that~~  
it's all right

~~and you're just having fun~~  
I want to show  
~~everyone~~ look you in  
the eye  
and tell you you're  
the one again

Headin out across the ocean  
had enough of mixed emotions

I can hardly wait to find you  
I hope the waiting will reward you

line coming back to  
~~line & see the shore~~

Waters ~~at~~ <sup>my</sup> ~~was~~ <sup>kindly</sup> in my mind

By the dream's content

~~this letter is for you~~

~~Has it ever known it?~~

Provine

I remember every ~~place~~ <sup>place</sup> I'll ~~not~~ remember them tonight

Closing in upon the distance  
Northern Star & shining light

You say you don't believe in  
you say you've got a plan for me  
you say you understand everything  
but I can't believe

any more  
I know I you need to leave

you'd take me for a long ride  
you'd never ~~leave~~ <sup>come</sup> ~~the~~ inside

you say you are my friend  
and here we go again  
I never thought I'd have to  
~~be nothing but a~~ defend my  
heart

I had every chance to ~~be~~ call out  
Now I'm in the social fallout

Hide me in your wide open arms

Take this chance to ~~see~~ fly unnoticed

Now you're in the ~~middle of~~ sky, so just

Take me ~~as~~ <sup>with</sup> your kind killer smile

Peacemaker

Long ago there ~~was~~ were solutions

We can bring them back ~~from~~ and use them

Bringing back the life ~~that~~ we thought was gone

Never underestimate

the fire and sword of peace makers

All is lost unless we carry on

Did I say it out loud?

Did I make myself ~~known~~ known?

Did I just dream the

whole thing

~~about it as my mind?~~

Are my hopes exposed?

Are you ever coming back

Will you ever come home

Will it ever be the same between

you & me

Will it ever be just like it  
used to be

Is it all in my mind

Is my whole world unrestrained?

Is there anything I can do

Is it out of control?

It seems to soon to tell you

Heaven is coming for you

Must be something else is going on

Or maybe there's some truth in

what she ~~she~~ said about us walking—

every step is for forever

We say we're almost home

but we're there already

we've always been there

The day of judgment is today

talking to the mustang mothers  
every night looking  
~~always on a~~  
thinking about the kitchen

standing on the playground playing  
never knew ~~the~~ love  
or what the good life's made of

yeah - and they just can't find a good man

Everybody's up for gunning  
saying 'not my heaven',  
and 9 11

Take it to the barstool blues player  
on the right track  
but work week's coming back

I'm so tired of waking up sober  
every night hoping  
that the nightmares over

Can't I catch one break?  
I'm getting used to the  
cold, hard heartache

I believe in hoping  
for the happy ending  
there is more to see  
can you see beyond  
~~there~~ your memory

Everything must change  
We will find our minds again  
I can't see you see  
can't you believe  
your memory

I have always been a  
dreamer  
and I try to keep that  
dream alive  
checking in and moving on  
(and on and on)  
until it's all that you're  
inside

and now I'm closer  
than I've ever been  
and I'll stay until the well  
runs dry  
you said it wasn't worth nothing  
and it's not hard to try
